## MIRACLE AIR™ FEATURES & SPECIFICATIONS

"...indoor air is often two-to-five times more polluted than outdoor air and can be up to 1,000 times as dirty. The EPA estimates that most Americans are exposed every day to indoor air contaminants that can lead to serious health problems for some people, including cancer, respiratory ailments, fatigue and headaches."

*Congressional Quarterly*

### Indoor Air Pollution Is A Big Problem... Now, There Is An Easy Solution!

The new Miracle Air is a comprehensive, state of the art filtration system which addresses odor, vapor and particulate for assured indoor air quality.

#### FEATURES & BENEFITS

- Removes dust, smoke, pollen other particles using high efficiency disposable filters.
- Removes odors and vapor contaminants with large twin odor/V.O.C. filters.
- Alleviate symptoms of Sick Building Syndrome.
- The solid state, variable speed controller allows for easy adjustments to air flow.
- 95% efficient @ .3 micron, HEPA type filter.
- Effective COANDA airflow gently and evenly distributes clean air and returns dirty air to the unit. COANDA air flow destratifies air and eliminates "stuffy" air pockets. (Shown right.)
- Low maintenance and long filter life is achieved because of the large volume of media used in both the particulate and the odor/V.O.C. disposable filters.
- Surface-mounted, self-contained media air cleaner designed for easy installation on any ceiling surface.

#### SPECIFICATIONS/MODEL CM-12

- CABINET:** Galvanized steel construction with attractive and durable autumn white powder coat finish.
- ELECTRICAL:** 115 Vac, 6.5 Amps, 60 Hz
- AIR VOLUME:** 850 CFM Maximum Speed  
650 CFM High Speed
- PARTICLE FILTER:** 95% D.O.P. @ .3µ HEPA type filter. 100 sq. ft. of filter media.
- PREFILTER:** 1/2" aluminum mesh. Part number 41194.
- ODOR/V.O.C. FILTER:** **Standard Model** includes two disposable activated carbon filters. 5 lbs. total activated carbon media.  
**Deluxe Model** includes two VOC filter modules containing a total of 22 lbs. of adsorbent media blend. (80% activated carbon and 20% potassium permanganate.)
- SOUND LEVELS:** 69 dBA High Speed @ 6'  
51 dBA Low Speed @ 6'
- DIMENSIONS:** Length 39", Width 22 1/4", Height 13 1/4"
- WEIGHT:** **Standard Model** 115 lbs. shipping  
90 lbs. installed  
**Deluxe Model** 149 lbs. shipping  
124 lbs. installed
- MOTOR:** 1/2 horse power, PSC with sealed bearings.
- BLOWER WHEEL:** Forward curved, direct drive, 12 1/2" x 4" single inlet wheel.
- OPTIONS:** Remote variable blower speed control.

High Efficiency  
Quiet Operation  
Low Maintenance
