In the unlikely event that you experience difficulty with your **Electro Breeze** product, please return it to the dealer from whom you purchased the unit for repair or replacement.

Because the extremes of temperature and humidity, your new **Electro Breeze** Air Cleaner may arc (spark) when first installed in your furnace. This is a normal transient situation – there is no danger – and is caused by condensation trapped inside the **Electro Breeze** Air Cleaner. This situation will quickly and permanently correct itself after the furnace fan has been ON for few minutes, and the airflow has dried out the Collector Pad.
